In a firm move, Minister of State for Water Resources and Sanitation, Barr. Bello Muhammed Goronyo, displayed his commitment to ensuring value for every Naira spent by summoning the contractor responsible for the N128 million Talum irrigation project in Adamawa State.

Hon. Barr. Bello Muhammed Goronyo Esq. on a courtesy visit to the Governor of Adamawa State, Ahmadu Fintiri

Goronyo, known for his action-oriented and patriotic leadership, expressed disappointment during a recent inspection

I think the time of abandoning projects is over. We are here to galvanize the resources to ensure that whichever contract you are given, you must implement

visit to the project site at Kiri, Shelleng Local Government Area. The undertaking, overseen by the Upper Benue River Basin Development Authority, Yola, had American West Africa Agro as the responsible company. Hon. Goronyo emphasized the urgency of completing projects, stating, "I think the time of abandoning projects is over. We are here to galvanize the resources to ensure that whichever contract you are given, you must implement the contract because Nigerians must get value for their money."

Demonstrating his hands-on approach, Goronyo promptly summoned the contractor for a meeting in Abuja to address the project's challenges.

The Managing Director of UBRBDA, Abubakar Muazu, acknowledged the minister's visit and emphasized the need for improvement, especially in

water-intensive ventures. Muazu advocated for public-private partnerships, citing the underutilization of water capacity by the Dangote Sugar refinery as an example.

Beyond the irrigation project, Hon. Bello M. Goronyo inspected the Kiri Dam facility and Dangote Sugar refinery, further showcasing his dedication to monitoring projects under his purview. His engagements also extended to a courtesy visit to Adamawa State Governor, Ahmadu Fintiri, and Lamido of Adamawa, Dr. Barkindo Mustapha.
